Become a Sponsor

Join the SilicoNPV 2026 Conference merged with the nPV workshop and the bifiPV Workshop as a Sponsor!

SilicoNPV is a well-established and world leading event in the PV community, gathering some 250 attendees from all over the world, including students, scientists, technologists, and PV experts from industry every year.

Becoming a **SilicoNPV** sponsor enhances your company's visibility, credibility, and strategic positioning within the industry, highlighting your presence as an active player in the field. We offer several sponsorship opportunities helping you find the most effective way to connect with attendees.

From 2026, SilicoNPV is merged with the nPV workshop!

HOSTS

ORGANIZER

Meet our community!

This is what makes your sponsorship worthwhile:

Visibility and Recognition

Almost **3,500** newsletter subscribers, coming from more than 1,000 institutes world-wide

Leadership and Expertise

Almost **180** international institutions present their research during the SiliconPV Week

Networking and Engagement

About **250** participants per year benefit from scientific exchange and expand their network during social events

Image and Reputation

The event is supported by the leading European PV institutes

Our Participants:

Junior and senior researchers and academics from leading institutes and universities

R&D experts, technologists, and engineers of the major PV companies worldwide

Industry decision-makers and project developers

Representatives from companies at every level of the supply chain

We look forward to working with you!

About the SilicoNPV Conference and the bifi Workshop

Running for over a decade, the **SilicoNPV** Conference has emerged as the premier global event for crystalline Si-based photovoltaics. Showcasing cutting-edge scientific and technological insights, **SilicoNPV** continues to facilitate networking and enhance the visibility of our sponsors.

The Conference is pivotal for accelerating the energy transition, offering affordable, manufacturable solutions for widespread adoption. **SilicoNPV** drives innovations essential for large-scale PV deployment, spanning materials, modules, and addressing key aspects like reliability and sustainability.

The conference prioritizes tackling challenges associated with TW-scale manufacturing and highlights advancements in tandem and multijunction PV technologies.

Starting from 2026, the **SilicoNPV Conference** is merged with the **nPV Workshop**, creating a consolidated platform for knowledge exchange. The nPV Workshop provides a comprehensive overview of emerging trends, innovations and developments in n-type technology.
